Profile

22 yo

Passionate about software development and tech industry, I took part in many projects in school or during past work experiences. Respectful and admirer of good development practices, I love to build things, great designs, polish my shippings and learn to get better.

Experience

iOS Developer, MySeen ; Paris — May 2013 to now

Development of MySeen's v2 application (<http://myseenapp.com>).

iOS & Backend developer, Charbon Bleu ; Paris — April to July 2013

Charbon Bleu's new iOS application development. Much more complicated than alloQR, this experience taught me a lot about advanced iOS programming techniques and cross-platform APIs.

iOS & Web developer, Charbon Bleu ; Paris — April to September 2012

Development of several websites including the alloQR platform (<http://alloqr.fr>) and its iOS application, available on the App Store. Use of CMS as Wordpress or Magento.

Web developer, Agence Yelloh ; Levallois-Perret — April to June 2011

Education

ECE Paris, Master degree in Information Systems — 2012 - 2014

ECTEI Paris, Web & Mobility development 3 years degree — 2011 - 2012
